Visiting Camp

The Camp will be very busy with activities and parents are discouraged from visiting the camp as it interferes with the schedule. If you need to visit camp in an emergency, please do please make arrangements in advance with our office.

Participant Phone Use

The camp experience is a way for children to develop a greater sense of independence. Therefore, no phone is available for participants to routinely make or receive calls. However, should your child need to call home in emergency, Camp Staff will arrange a call home.

Contacting Your Ward In An Emergency

We discourage parents from talking to their child during the entire duration of the camp as it interferes in the process of the child discovering their self-reliance and independence. However, should you need to contact your child in emergency circumstances, please get in touch with the Outlife Team.

Parent Communication

Staff are trained to handle day-to-day situations that may arise during your child's stay at camp in a safe and caring manner. Instances when you might expect to hear from camp staff for consultations or to arrange to pick up your child may include:

- Behavioural issues including bullying or verbal or physical aggression.

- Food at Camp is vegetarian only.

Outlife is committed to preserving the spirit of the summer camp. In our opinion, a cell phone, personal media players and other electronic devices inhibits one's link with camp experiences and diminishes the capacity to grow within a team and the natural environment. For these reasons we prohibit participants from bringing cell phones and other electronics to camp. We have also found that kids who bring cell phones have a harder time adjusting to camp life and can have more difficulty with homesickness.

A large part of camp is learning to be independent and you can help your child succeed by making sure the camp rules are followed.

Camp Behaviour

Participants cannot leave the camp site on their own anytime during the entire duration of the camp without informing the instructors. Any travel that is needed due to any reasons will be facilitated by the camp instructors.

No arguing, name-calling, or swearing, biting or hair pulling. Fights and quarrels and bullying are not allowed on the camp. Any fighting may warrant a disciplinary action.

Camp Discipline Policy

If a child is unable to comply with the behaviour expectations, a timeout will be given. The number of minutes of time-out will not exceed the child's age in years. Timeouts are always supervised by an adult.

If the unexpected behaviour is repeated the second time the child will not participate in the entire activity.

If the unexpected behaviour is repeated the third time a counselling will be held by the Camp Educator with the child and the Camp Educator will speak with the parent(s)/guardian.

If the child's behaviour continues to be disruptive and/or unsafe, the child will be subject to dismissal from the remainder of camp without any refund and the parent and guardian will be asked to take away their child from the camp.
